

# NEW Career Booster Workshop

## Bring your leaders to the next level

NEW Career Booster is a unique one-day workshop for NEW partner organizations designed for women and men who want to build their leadership skills and push their career to the next level. Like all NEW leadership development programs, NEW Career Booster is based on the NEW Career Accelerator Model, created in partnership with the Center for Creative Leadership (CCL), and utilizes the eight CCL competencies and five derailers that can make or break a career. This workshop utilizes the robust emotional intelligence insights offered by the custom NEW CCL EQi assessment.

The workshop may be customized to include a dedicated company executive question and answer session, or an executive panel discussion, which can be assembled by NEW upon request.
