

Request to Attend Rising Stars 2021

Ready to attend NEW Rising Stars, but need help getting support from your supervisor or training department? Use or modify this message however you like!

SUBJECT: Request to Enroll in NEW Rising Stars

Dear Supervisor,

I'm ready to take the leap to the next stage of my career and power up my leadership skills to better serve our organization, and I would like to attend NEW Rising Stars to get the support and training I need to do just that.

NEW Rising Stars is a live virtual learning event taking place from June 15-17. It will support my growth with hours of individual and group coaching, learning sessions, networking opportunities, and a customized 360 assessment and Fascination Advantage assessment.

NEW Rising Stars will give me a better awareness of my strengths and areas for development, plus an expanded network of industry peers.

Tuition for NEW Rising Stars is \$2,995. This is far less than other comparable non-industry specific courses and would be a wonderful way to spend some of the training and education funds we have available.

I hope you will approve my request, and help me advance my career so I may better support our team for years to come.

Best regards,
Your Name
