

NEW Horizons

Ladder up to the VP Level

NEW Horizons lifts Directors and Senior Directors to the next step of their career journeys. It makes for a perfect follow-up to NEW's Rising Stars program, while offering unique benefits even to those brand new to NEW! The program teaches key skills, including delegation, executive presence, coaching and listening, and feedback. Facilitated small group sessions help build a network of support, while accountability partners help participants stay on track. One-on-one coaching then layers the learning and strengthens individual growth!

NEW Horizons also utilizes a robust tool which equips each participant with insights into their own unique leadership style, coupled with a proprietary assessment that both the participant and their supervisor complete to build an Individual Development Plan that will guide them through key next steps.
