"The program helped me understand my strengths and opportunity areas in a whole new light. When I left the program, I had a clear action plan of how to be effective and happy in my new job. To say things started to fall into place is an understatement. My manager recognized my leadership abilities and hunger to improve...and paired me with my dream mentor. The biggest thing I took away from NEW Rising Stars was the ability to communicate my brand statement and my goals to my manager and my mentor. I could not have done this without the program."
